FOREWORD

On behalf of the NECL committee, I should like to take this opportunity to welcome all our member clubs, their players, helpers and supporters to the 2018 season. With the 'Beast from the East', followed by the 'Mini-Beast', the arrival of conditions suitable for cricket has seemed to take rather longer this year – perhaps a good time to consider all those whose task it is to prepare grounds and pitches. The work of groundsmen and other club members, usually volunteers, without whom 'getting the game on' would not be possible often goes unsung, but is vital to all our clubs.

Aside from this, the 2018 season once more brings the now familiar challenges facing club cricket and your committee will be continuing to seek ways to make the game a more attractive proposition at local level. There has already been some further restructuring of the Divisions, and, at the instigation of clubs themselves, the points system has been altered. We hope that these changes will make matches more meaningful and reward 'getting the game on'. For full details, please see the league website.

Nationally, the close season has seen the most extensive revision to the laws of the game for many years. While it would take too much space to go into all the details here, clubs will need to ensure that umpires, and those players who perform umpiring duties, are familiar with them.

Last year saw the retirement of David Lamming as Chair of the league, a position he had held since 2009. Before that, he had served as a member of the committee for over 20 years and, on behalf of you all, I should like to take this opportunity to record my appreciation of all the work he has done for the benefit of the league and its member clubs. David has seen the league through a difficult period for local cricket and the changes made under his considered and committed leadership, such as the introduction of the T20 competition and 40-over matches, have helped keep the league - Sunday cricket in particular - viable. He began the process of responding to the wishes of the clubs themselves for change, something which we will aim to continue. I should like to end by wishing all clubs and their members an enjoyable and successful 2018 season, with matches played competitively, yet in accordance with the 'Spirit of Cricket' and, hopefully, with not too much interruption from the weather.

Neil Brinded (Acting Chair, NECL)

RECORDING RESULTS

The result of all League and T20 matches must be registered as soon as possible after the match (**before 10pm**) via e-mail to results@necl.co.uk or the [Results Summary Submission Form](#) which is available in the Results section of the NECL Website.

Please note that matches cancelled due to weather or forfeited should also be recorded.

Rule 29A Penalties for non-compliance with [rule 29](#). (i) A club failing to notify the result of a match to the results secretary as required by rule 29, or doing so after 10.00 pm, will be fined £5.00; (ii) **A club failing to complete the online scoresheet in accordance with the requirements and by the time prescribed by the Management Committee (*within 48 hours post match*) will be fined £10.00. A further fine of £5.00 per week will be imposed for each week thereafter that any default continues.**

Results should be provided by a representative of the home team - not necessarily the captain - matches should include the division or competition in which the match was played, the innings total and wickets lost for both sides and the result. Significant scores - bowlers taking four wickets or more and batsmen scoring more than 40 - plus other events of interest should also be recorded. If they wish, away sides can also e-mail in results and details.

ENTERING SCORECARD ON PLAY-CRICKET

Full scorecards should be submitted to the Play-Cricket Website by a representative of the **home** side within 48 hours post match.

- In 'admin' click on 'Results'
- Find the fixture to edit and then click on the 'pencil' icon, Edit Result next to the fixture.

- Click on Save

The next two sections are filling in the players for the Home and Away side

- If players have been added to the NECL squad they should appear on the right hand side of the screen – just click on the Player name and it should appear in the first slot. Continue all the way to the eleventh slot by selecting players.
- If a player does not show in the squad, click on the 'Search for Player' option and enter the first letters of the surname – if a player is in the club database it will appear - click on the 'thumbs up' icon to select the player.
- If a player is not in a club database – click on the 'Add' option and then enter the Surname and Full forename of the player – and click on tick box add to NECL squad.

- Completed the scorecard with as much information as possible.
- The batting and bowling totals should add – and will show any discrepancies if incorrect.
- For ease of entering fielders and bowlers you can enter the first letter of player, and scroll though to select the correct player – eg – if you have a Jon, John, Jason in that order, just click on the letter J three times to get to Jason.
- The tab key allows to move across the page left to right – do not attempt a backspace as you will have to start from your last save !!
- Don't forget to enter partnerships for better coverage in the roundup.
- At the end of the Home Scorecard click on Save, do the same for the Away scorecard. This will take you to the screen showing the result in full.
- If you are satisfied with what you have entered, click on the Back button which will take you back to the Results screen.
- As Home team administrator click on the 'X' under Home Team result confirmed – this will turn it into a tick.
- The away team administrator should do likewise once the result is uploaded, or by the Friday following the match, clicking the 'X' under Away Team result confirmed.
- Once the result is confirmed by Home and Away the result will be locked by the League Administrator.

REVIEW OF 2017

Wivenhoe claimed their first top flight title in 33 years, although despite topping the table for much of the season they did not claim the title until the final match of the season when defeating runners-up Frinton. Skipper Matt Durrell and Aussie Liam Hope-Shackley dominated the batting and bowling for the champions, both accumulating over 700 runs in Division One, and also figuring in the top ten of the divisional Bowling Averages. Durrell was the first player to score 500 runs in the season, and scored the highest score in the division with an unbeaten 161 against Clacton at the end of May. Frinton, champions twelve months earlier, lost their first two games, but recovered to eventually finish as runners up, and could have claimed the title on the final day with a victory over Wivenhoe. Colchester & E.E and Mistley finished third and fourth respectively, while Elmstead after being early season pace setters, faltered in the latter part of the season to slip into the middle reaches of the table. At the bottom Clacton, Great Horkesley & Lexden and Eight Ash Green were involved in a three way scrap for much of the campaign, before Clacton pulled clear towards the end of the season. James Stamatis (597) of Mistley, and Clacton's Haydn Erfuth (593) were the other players in Division One to top 500 runs, while Clacton's Bradley Pitts (23) was the leading wicket taker. Jordan Elliott of Elmstead topped the divisional batting averages, while his team mate Ryan Vickery topped the bowling averages. Great Horkesley & Lexden's Luke Conway returned two five wicket spells, with a 2017 league best of 7 for 28 against Elmstead.

Copdock & Old Ipswichian were champions in Division Two, suffering just one reverse all season, that at the hands of runners-up Chappel & Wakes Colne by a slender margin of four runs. Copdock's margin of victory at home in the reverse fixture was even narrower as they won by one run, a game that effectively sealed the title. It was a team effort for the champions with no single player standing out, although Harry Bailey did score the two highest scores of the season in the division, with an unbeaten 146 against Ardleigh, and 126 against Witham. Individually for runners up Chappel, there was success, as Ross Wyatt topped the batting averages in Division Two, and Harry Carter had a stellar season with the ball, being the only player in the league to take 30 wickets, at an average of 9.50. Halstead and Witham made up the top four, in a division that was definitely one of two halves – the top four won 39 matches, while the bottom four won just 11 matches. Great Totham finished fifth, and Ardleigh were sixth, with the consistent Kurt Lamont (506) the only player in the division to score 500 runs. The bottom two Stebbing and Gosfield were cut adrift largely because of concessions.

The battle for the Division Three title was the most exciting in the competition, with Chelmsford neighbours Galleywood and Springfield enjoying a ding dong battle throughout the season. Between them they lost just three games all season, and by virtue of a single reverse it was Galleywood who claimed the title. Galleywood's single defeat came at Springfield in May, but thereafter, a run of eleven successive victories, including a seven wicket win in the reverse fixture with Springfield saw them to the title. Their last fixture of the season on the 10th September against lowly Cavaliers was their closest, winning by 12 runs. Springfield's other defeat came at the hands of third place Abberton in June, although frustratingly for them they did benefit from four concessions in their twelve victories. Abberton were certainly in the title frame for the first half of the season, before defeats to Kelvedon and Galleywood in July saw their challenge fade. Kelvedon & Feering and West Bergholt were placed fourth and fifth, while Chappel & Wakes Colne second string defied the odds by avoiding the relegation places. Cavaliers finished in the drop zone, while by virtue of conceding one more game than Cavaliers, it was Harwich & Dovercourt who finished bottom. Galleywood's Dan McIntyre (547) was the only player to top 500 runs in Division Three, although Ed King (494) of Kelvedon, Charlie Prudence (480) of Springfield and Ben Rayner (477) of Galleywood all went close. Prudence topped the divisional batting averages, and returned the highest score in the competition in 2017, with an unbeaten 198 against Kelvedon in April. Kelvedon's Will Wilton-Steer was the leading wicket taker in the division with 18 wickets, while

Galleywood's Clay Westwood (15 wickets @ 12.13) topped the averages. Chris Pettit of Abberton returned the divisional bowling performance of the season, with a spell of 6 for 1 against Harwich & Dovercourt.

Division Four saw an early season withdrawal with Rayne leaving at the beginning of June. Newcomers to the competition Braintree were emphatic champions, suffering just a single defeat all season, at the hands of runners-up Real Oddies by three runs on their own patch. A good all round team effort for the Dolphins saw no stand out individually, with their highest scorer being Carl Lees (213) and leading bowler Lee Fullgrave (10 wickets @ 18.10). Real Oddies and Coggeshall battled out for the Runner-Up position with the Oddies prevailing by the slimmest of margins. Success came individually for Coggeshall players, with Kane Addison returning the highest aggregates with both bat (454) and ball (20), and also topping the Division Four bowling averages. His team mate Louis Gibson topped the batting averages (398 runs @ 79.60), his five innings in the competition included three centuries and one fifty. Boxted claimed fourth, with Richard Springett and Matthew Wilson both appearing high up in the batting and bowling averages respectively. Tendring showed improvement on recent seasons by finishing sixth, although their cause was helped by points deductions from the bottom two. Great Braxted & Tiptree finished seventh with three victories, while the second string of Great Horkesley & Lexden were tailed off by a large margin to claim the wooden spoon. Six concessions largely hindered their season.

At the end of the 2017, there were a further eight withdrawals, to add to the mid season withdrawal of Rayne, from the 40 over competition, which will see the competition shrink to just 23 teams in 2018.

The T20 competition saw some growth, with the seven teams in 2016 joined by a further three for 2017, Ipswich, Braintree and 7 Para Royal Horse Artillery. The competition was therefore, divided into two divisions of five for the round robin phase. The East division was disappointing in that just four of the ten matches were completed, with six concessions. Three of those came from Great Bentley, who withdrew at the end of the season, while there were two for Ipswich and one for Colchester & E.E. Indeed Ipswich in their debut season in the NECL T20 competition did not actually play a game through concessions either by themselves or by opponents ! Wivenhoe topped the table, suffering one reverse in their final game when thrashed at hands of Colchester & E.E. Wivenhoe did manage to post the highest score in the competition's history when amassing a huge 268 for 6 against Mistley earlier in the competition. Mistley made their first Finals Day, with the key result being a 21 run victory over Colchester & E.E. on 27th July to oust the 2016 Runners Up at the group stage.

The West division saw champions Coggeshall stunned at group stage. A confident win in the first game at Braintree chasing 188 and winning by five wickets, made them favourites to progress. However, home reverses at the hands of Kelvedon and then Little Bardfield Village, followed by a concession to 7 Para saw their involvement in the 2017 T20 come to a premature end. The Village won their two home games to progress to their second Finals Day as West Division winners. Braintree's debut season saw them in the hunt for qualification, with good scores posted in three of their four games. However, when they needed a victory in their last game against Little Bardfield they produced their worst batting performance of the season and defeat saw them finish third. Kelvedon were the side that benefitted from Braintree's final game defeat, although arguably their qualification was probably deserved in that they had the Village struggling at 96 for 8 in an earlier group game before rain intervened.

Finals Day at Castle Park on 28th August saw unusually glorious bank holiday weather and some fine cricket, particularly in the semi finals. Wivenhoe racked up an impressive 221 for 5 against Kelvedon, with Matt Durrell (87 not out), and Liam Hope-Shackley (55) in good form with the bat. However, the underdogs gave a spirited run chase as Ryan Vickery (51) and Josh Parsons (47) scored well in their reply of 200. In the other semi final, there was an upset as Mistley led by James Stamatis (65) recorded a narrow 8 run win over Little Bardfield, after scoring a middling 132 for 7. The Mistley bowlers bowled effectively to contain the normally free scoring Villagers to 124 for 7 in their 20 overs, with Ian Catley (43) top scoring.

After two exciting semi finals the final was a bit of an anti-climax, as Wivenhoe completed a league and T20 double, with a seven wicket victory. Wivenhoe's, Liam Holyman (3 for 28 and two run outs) was adjudged man of the match as Mistley were restricted to 97 for 9 from their 20 overs, with James Stamatis (30) top scoring. In reply, Matt Durrell (33), Jakob Kelly (29no) and Liam Hope-Shackley (24) made light work of the run chase, reaching the target in 10.2 overs.

Individually, James Stamatis of Mistley was the top scorer in the competition with 192 runs, and also topped the averages with an average of 96.00. Braintree's Daniel Chalk (166) and Matt Durrell (159) both topped 150 runs. While Chalk's Braintree team mate William Jackson set a new T20 individual batting record with an innings of 129 against Kelvedon. Leading wicket taker in the T20 was Little Bardfield's Ian Catley who took ten wickets, included another T20 record performance of 6 for 16 against Braintree. His team mate Matt Graham topped the T20 bowling averages, claiming his five wickets at an average of 6.80.

Appeals Panel : Philip George, Mark Shuttleworth and David Lamming

Suspensions : Note that in accordance with ECB guidelines, a player suspended by another league will also be automatically suspended for the same period from playing in the North Essex Cricket League (including T20 games). Details of any such suspension will be posted on the league website.

MINIMUM CRITERIA FOR APPLYING TO JOIN THE LEAGUE

Clubs applying to join the North Essex Cricket League will be expected to meet the following standards, which have been set by the Management Committee:

- The club should have a well maintained cricket square.
- The pavilion should have a kitchen and dining area for teas and adequate and secure changing rooms.
- The club should have a functioning committee.
- There should be a commitment from the club to improve facilities.
- The club should provide historic playing records and availability lists of playing members.

LEAGUE RULES

(1) The League shall be called the North Essex Cricket League. The Management Committee may determine that the name of any sponsor of the League shall be incorporated in the name of the League.

(1A) The League, and membership of all member clubs, shall be open to all, irrespective of age, gender, disability, race, ethnic origin, creed, colour, social status or sexual orientation.

(2) All member clubs shall be affiliated to their county Cricket Board.

(3) The Management Committee shall determine the annual subscription to be paid by each member club, subject to the approval of the Annual General Meeting (AGM).

(4) The conduct of all matches will be governed by the official Laws of Cricket except where otherwise specified in these rules.

(5) All participating clubs shall comply with all directives, regulations and guidelines issued by the England and Wales Cricket Board (ECB).

(5A) The League and all participating clubs shall adopt and comply with the ECB Child Welfare Policies, "Safe Hands", which will be deemed to be incorporated in these rules, and any subsequent amendments or additions to these policies.

(5B) Every member club shall have a fully qualified club welfare officer, whose name and contact details must be notified to the League Secretary and League Welfare Officer. As from 1 January 2017, any club that does not have a fully qualified club welfare officer at the start of each season will be fined £100 and, in addition, will suffer a 20 points deduction for each team entered in a League competition. Clubs must notify the League Secretary and League Welfare Officer of any change in the identity of their club welfare officer. *[Paul Harris, our league welfare officer, will be in contact with clubs to check that their CWOs are up-to-date with their training.]*

(6) All clubs, players and officials shall comply with the Code of Conduct set out as Appendix One to these rules.

(7) The League shall comprise three divisions (Divisions 1 to 3). Save in special circumstances as determined by the Management Committee, the maximum number of teams in each of divisions 1 to 3 shall be 10. Should this number be exceeded by new teams applying for entry to the League, an additional division may be created provided there is sufficient demand and subject to the approval of the AGM. If the total number of teams in the League is not divisible by five, the lower division(s) shall have the greater number of teams.

(7A) The Twenty20 Cup Competition, the conduct of which, shall be overseen by the Management Committee, who shall approve the rules of the competition. The competition shall be open to all member clubs of the League. Other clubs may be invited to participate and any club doing so shall be accorded the status of Associate Member, but Associate Membership shall not confer any voting rights. Associate Members and their players (as defined in paragraph 2 of Appendix Two) shall be subject to the Disciplinary Rules and Procedure in Appendix Two.

(8) Any new club applying for membership of the League and any existing member club applying to enter an additional team shall do so in writing to the League Secretary by the due date announced each year as

determined by the Management Committee. Each club applying for entry shall be required to comply with a minimum standard of facilities, the standard to be set and monitored by the Management Committee. Should the Management Committee deem the standards of the applicant to be suitable, the club's name shall go forward to the AGM where a two-thirds majority in a vote of member clubs present shall be necessary to gain admittance to the League. A two-thirds majority is also required to approve the entry of any additional team.

(9) No club may field two teams in any one division. In the event of a team being relegated into a division where another of that club's teams competes, the second team will be automatically relegated as well and shall be deemed to be the bottom team for the purposes of rule 16. If that team is already in the lowest division it will be excluded from the League but without prejudice to the right to re-apply for entry if the club's other team is subsequently promoted. Likewise, a team otherwise entitled to promotion by virtue of its league position shall not be promoted if it would then be playing in a division where another of that club's teams competes and the next highest placed team otherwise entitled to promotion shall be promoted instead.

(10) Fixtures will be arranged on the basis that all clubs whose teams play each other in more than one division must play these matches on the same day in each of the divisions in which their teams compete. In all instances: (i) clubs who field two teams in the League must field both teams on the same date a minimum of six times per season; (ii) clubs who field three or more teams in the League must field at least two of those teams on the same date a minimum of six times per season.

(11) If a club is unable to fulfil a scheduled fixture when more than one of their teams is due to play on the same day, the highest-ranking team(s) must fulfil the fixture first. If a club does not play the higher-level fixture they shall forfeit any points gained and their opponents shall be awarded maximum points.

(12) Save in special circumstances as determined by the Management Committee, a club withdrawing from the League must do so in ascending order of their teams. No club which withdraws a team or teams from the League may apply for immediate readmission to the lowest division of the League without the express approval of the Management Committee. If the withdrawal or expulsion of a team or teams creates an imbalance between divisions this shall be corrected by additional promotions rather than relegations. A club proposing to withdraw a team from the League must notify the League Secretary in writing at least 14 days prior to the date of the AGM. Any club withdrawing a team without having given such notice will be fined £100.00, unless the Management Committee otherwise determine.

(12A) (1) If a team withdraws from the League part-way through the season, (i) its results will be expunged from the league table, but (ii) performances in those expunged matches will, nevertheless, count towards the end-of-season individual averages and statistics.

(2) Unless the Management Committee otherwise determine, a team withdrawing from the League part-way through the season shall be deemed to be one of the relegated teams from that division for the purposes of rule 16(ii).

(13) The League competition shall be decided by a total points system. In the event of two clubs finishing with the same number of points, the club with the greater number of wins shall be the higher placed. If both clubs have the same number of wins, their respective positions shall be determined by the result of matches between those clubs, alternatively (if not decisive) by the number of points gained by each club in those matches. If this is still not decisive, Net Run Rate will determine the highest placed side.

(14) Twenty points shall be awarded to the winning side. Losing sides shall receive bonus points as follows: batting—one point for 100 completed runs, two for 125, three for 150, four for 175 and five for 200; bowling—one point for the second, fourth, sixth, eighth and tenth wicket to fall. In the event of a side with fewer than 11 players being all out, maximum bowling points shall be awarded. In the event of a tie, each side shall receive six points plus bonus points. In the event of an abandoned match, each side shall receive six points

plus bonus points that have been accumulated up to the point of abandonment. If a match is cancelled without a ball being bowled, both teams receive six points each.

(14A) Bonus points in a reduced overs game

One point for 50 completed runs, two for 75, three for 100, four for 125 and five for 150 in reduced overs games where, under rules 23 to 25, the innings on each side is reduced to between 20 and 25 overs. (There is no change to the bowling bonus points.)

(15) In the event of a team failing to fulfil a League fixture for any reason other than bad weather the following penalties shall apply (unless the Management Committee otherwise determine):

[a] First offence - fixture to be recorded as played with no points gained;

[b] Second and subsequent offences - as [a] above plus a further penalty of 10 points deducted plus a fine of £25

[c] Following a third offence in any season the offending club shall be required to appear before the Management Committee. The Management Committee reserve the right to require any club which cannot give a satisfactory reason for failing to fulfil fixtures to reapply for League membership at the next AGM. Opponents honouring the fixture in [a] and [b] shall be awarded 20 points.

(15A) A club which fails to fulfil a fixture (other than for reasons of bad weather) shall pay the reasonable wasted expenses of the opponent club. An away club conceding a game for lack of players less than 36 hours before the scheduled start time of the match shall pay the home club £30.00 or its reasonable wasted expenses, whichever is the higher. Any dispute as to the amount of such reasonable expenses shall be referred to the Management Committee whose decision shall be final and binding on both clubs.

(15B) If a team is unable to fulfil a fixture due to lack of players, the club must so inform their opponents and the Results Secretary by 10.00pm on the day before the game is due to be played at the latest. Unless the Management Committee otherwise determine, a club conceding a game for lack of players and failing to notify both their opponents and the Results Secretary by this deadline will be fined £25 and, if a league game, the team deducted 10 points, such penalties being in addition to any penalty applicable under rule 15. If panel umpires have been appointed to stand in the match, the defaulting club shall also pay the prescribed expenses of both umpires.

(15C) In the spirit of 'getting the game on', matches that are conceded for lack of players can be re-arranged at the agreement of the non conceding club, and must not be re-arranged on a date that will be to the detriment of the non conceding club. Dates outside the stated season up to the last Sunday in September can be used for re-arranging conceded fixtures. The concession should be reported to the Results Secretary, as well as an alternative date if clubs are in mutual agreement to play the game. There is no prejudice against the non conceding club in the first concession, and if no date can be found to re-arrange, the original concession will stand.

(15D) A re-arranged game will only resort to the original result if the non-conceding side in the first instance are unable to fulfil the fixture through lack of players. Re-arranged matches that are abandoned or cancelled due to weather will have that result stand.

(16) (i) At the end of each season the bottom two teams in Divisions 1 and 2 will be relegated and the top two teams in Divisions 2 to 3 promoted. New teams admitted to the League (including former League members rejoining the League after a season or more's non-membership) must enter the lowest division and other teams promoted to higher divisions as necessary. A club which is re-elected pursuant to an application under

rule 15[c] shall be placed in the division to which it would have been entitled by virtue of its league position at the end of the previous season.

(17) Divisional winners and the clubs winning the T20 Cup Competition shall be awarded a trophy. The trophy will be the responsibility of the club concerned and must be returned to the League Secretary by the date of the following AGM.

(18) The League competition shall not start before the final Saturday in April and shall finish for the season on the third Sunday of September. Rained-off matches shall not be rearranged. No fixture may be rearranged for any other reason without the prior approval of the League Secretary who shall first inform and obtain the agreement of the League Chairman and the representatives of the division concerned.

(19) Each season clubs will play two matches against every other team in their division. Clubs may play against only one other club in the same division on the same day. League fixtures in all divisions will be generated by the League in accordance with the procedure and a timetable set by the Executive Committee. Any club failing to comply with the timetable set by the Executive Committee for providing information required to assist in the generation or confirmation of the fixtures will be fined £25.00 unless the Management Committee otherwise determine.

(20) (a) A match shall consist of 80 six-ball overs of which the side batting first must not exceed 40. (b) There shall be no transfer of unused overs to the side batting second (including in any match reduced in length pursuant to rules 23, 24 or 25). (c) No bowler may bowl more than nine overs. (23) Where, during a match, play is suspended because of bad weather or bad light and, in the opinion of the captains, the duration of the stoppage or stoppages is such as to make it unlikely that the game (whether or not already reduced in length under Rule 23) can be completed, then, if both captains agree, the original game may be abandoned and a new reduced overs game played, subject to a minimum of 40 overs, of which the side batting first must not exceed 20.

(24) [a] In Divisions 1 and 2, subject to the provisions of Law 3.9, the umpires shall be the final judges of the fitness of the ground, weather or light for play.

[b] In the remaining divisions, if the start of play is delayed on account of unsuitable ground or weather conditions or unsuitable light, and the captains cannot otherwise agree, the number of overs in the match will be reduced by two overs for each six-minute period or part thereof lost. If play has not commenced within two hours of the scheduled start, the match shall be declared void save that, unless otherwise agreed between the captains, a team failing to remain at the ground until the expiry of such two-hour period shall be deemed to have conceded the match with no points gained, their opponents being awarded 20 points.

(25) In a reduced overs game the maximum number of overs per bowler shall be as follows.

Thereafter no player may be changed without the consent of the opposing captain and any change must be notified to the umpires who shall record the change on the appropriate teamsheet.

[b] In matches in division three, teamsheets, signed by or on behalf of the captain, giving the full names of all the players in the team and stating the age of any player under 19 years, shall be exchanged by the captains before the toss. If the transfer is refused, the player shall have a right of appeal to the Management Committee, whose decision shall be final. Notice of appeal shall be given in writing to the League Secretary within 14 days of the date of the confirmation of the original decision. A club newly promoted to Division 2 shall have one season's grace within which to comply with this rule. Subject as aforesaid, a club not complying with this rule and which has not been granted dispensation or modification by the Management Committee shall be deducted 5 points for every home game played without a sight screen or sight screens.

(35) A new ball shall be provided by the home team for each match, except in Division 1. In Division 1 each team shall provide a new ball and a new ball shall be used at the start of each innings. Only the Super County ball may be used unless the Management Committee otherwise determine.

(40A) Any player expelled or suspended from playing in another league affiliated to or subject to the jurisdiction of the ECB shall be prohibited from playing for any team in the League for an equivalent period. Provided that details of such disciplinary action by another league have been posted on the League website, any club infringing this rule will be penalised by the deduction of the points gained in any game in which the offending player played, and (in the case of a player having been suspended) the Management Committee may ban the player concerned from playing in the League for the remainder of the season.

(41) At the first meeting of the Management Committee following the Annual General Meeting a Disciplinary Subcommittee of six members shall be formed from members of the Management Committee. Three members of the Disciplinary Subcommittee shall constitute a quorum. The Disciplinary Subcommittee will meet as necessary to consider any reported misconduct referred to it for a disciplinary hearing. The Management Committee shall have power to fill any casual vacancy on the Disciplinary Subcommittee that may occur during the year.

(42) Appeals Panel: At the first meeting of the Management Committee (MC) following the AGM, the MC shall appoint three persons (who need not be members of the MC but shall not in any event include any member of the Disciplinary Subcommittee) to be the Appeals Panel to determine any appeal against a decision of the Disciplinary Subcommittee. The MC shall have power to fill any casual vacancy on the Appeals Panel. In the event of a member of the Appeals Panel being unable or unavailable to hear a particular appeal, the League Chairman shall appoint a substitute provided that such substitute is not a member of the Disciplinary Subcommittee.

(43) Any alteration to these rules shall be made only at the AGM or an EGM. Notice of proposed alterations to be considered by the AGM shall be submitted in writing to the Secretary by 30 September in each year. Notice of the proposals, together with any proposals by the Management Committee, shall be circulated to the clubs with the notice of the AGM at least 14 days before the date of the meeting. Amendments may be proposed and voted upon at the meeting and the final proposal shall be declared carried if there is a simple majority of those voting. Should a vote be tied (i.e. 50% for and 50% against) the Chairman will have a casting vote. Proposed alterations to the rules to be considered at an EGM shall be circulated to clubs with notice of the EGM at least 21 days before the date of the meeting. Amendments may be proposed and voted upon at the meeting and the final proposal shall be declared carried if there is a simple majority of those voting. Should a vote be tied (i.e. 50% for and 50% against) the Chairman will have a casting vote.

(44) If any matter arises that is not dealt with in these rules, the Management Committee shall have the power to make decisions (including the imposition of a fine not exceeding £100 and/or the deduction of league points) which will be binding on all parties.

(44A) The Executive Committee shall have the functions set out in these rules and shall have power to determine any matter requiring urgent consideration or decision.
